

# SHIVAM SINGH

## Full Stack PHP Developer

✉ shivamsingh.ss888@gmail.com ☎ +91 8527465436 📍 India

---

### SUMMARY

---

Results-driven Full Stack PHP Developer with 4+ years of experience in designing, developing, and maintaining scalable web applications. Proficient in PHP, MySQL, JavaScript, HTML, CSS, and modern frameworks, with a strong focus on building efficient back-end systems and responsive front-end interfaces. Experienced in RESTful APIs, database optimization, and implementing secure coding practices. Adept at collaborating with cross-functional teams to deliver high-quality, user-focused solutions within deadlines.

---

### EXPERIENCE

---

#### Codenia Technologies LLP Sector - 62, Noida

04/2022 – Present

##### Web Developer

A company specializing in web development and technology solutions.

- Developed and maintained web applications using Laravel framework & Core Php, ensuring robust and scalable solutions for clients' needs.
- Utilized MySQL database to store and retrieve product information, user data, and order details securely.
- Enhanced user payment experience by implementing Payment Gateway RESTful services for faster checkout process.

---

### PROJECTS

---

#### VinMain

*VinMain is a groundbreaking website / mobile app designed to transform the car-buying experience by removing dealership markups, providing transparent vehicle history, and connecting users directly with local credit unions for fair, competitive financing.*

- Developed and managed the admin panel for VinMain, enabling efficient vehicle listings, user management, and financing integrations.
- Designed and implemented RESTful APIs for the mobile app, ensuring seamless data exchange between users, vehicle databases, and credit unions.

#### Givzo

*Givzo is a seamless platform that allows users to recharge bills and purchase gift cards effortlessly. It integrates multiple third-party services to provide a smooth and secure transaction experience.*

- Developed RESTful APIs to power the mobile app, ensuring efficient user transactions and data flow.
- Integrated third-party APIs like Woohoo for gift cards, Mobikwik for bill payments, and Razorpay as the user payment gateway.
- Optimized payment and recharge processes, enhancing transaction speed, reliability, and security.

#### Goodmen App

*Goodmen App is a dating platform designed to connect users through an intuitive interface.*

- Developed and maintained dynamic dating websites using PHP and MySQL, ensuring responsive design and user-friendly experience.

- Implemented membership features, including free and premium subscriptions, and integrated PayPal for secure payment processing.
- Built and integrated a password recovery system with email verification for enhanced security.
- Developed admin panel tools for managing user accounts, approving profiles, and handling event tickets.

### **Ticketmaster Extension**

*An extension that helps the user to retrieve the concert tickets information from a website using backend api made in python using selenium & web drivers.*

- Backend APIs made using python libraries using Selenium & Web drivers for web scraping.
- Sends real-time notifications using Pusher JS.
- Designed the extension layout with html & css.

### **Ramagyamart**

*Ramagyamart is an e-commerce platform developed to facilitate online shopping for electronics.*

- Designed and developed a responsive e-commerce website for electronics using HTML, CSS, JavaScript.
- Created an intuitive user interface with product listings, search functionality, and category filters to enhance the shopping experience.
- Developed user-friendly product detail pages with image galleries, specifications, and customer reviews.
- Utilized AJAX for smooth navigation and loading of product pages without full-page reloads.

---

## **SKILLS**

---

### **Frontend Technology**

HTML CSS Bootstrap Tailwind  
JavaScript jQuery Ajax. React

### **Backend Technology**

Core PHP Laravel Python

### **Databases**

MySQL SQLite

### **Restful APIs**

Paypal Stripe Razorpay  
GoHighLevel Oauth Firebase  
Pusher JS

---

## **EDUCATION**

---

### **Maharshi Dayanand University Rohtak, Haryana**

*Bachelor of Computer Applications*

### **Kendriya Vidyalaya Pragati Vihar (CBSE) New Delhi**

*Senior Secondary (12th Grade) - [Commerce]*

### **Kendriya Vidyalaya Pragati Vihar (CBSE) New Delhi**

*Secondary School Certificate (10th Grade)*
